STATUS LETTER & REQUEST FOR PAIR STATUS

Sir:

The above-identified application was a PCT 371 application filed on July 13, 2006 with serial no. 10/586,091 and acknowledged by the U.S. Patent and Trademark Office as evidenced by the dated stamped and returned postcard receipt (copy attached).

After repeated attempts to locate the application on PAIR and discussions with the U.S. Patent and Trademark Office personnel concerning the absence of a PAIR listing, the undersigned by informed that the application was in good form, but due to processing delays, it has not been placed in the PAIR records.

This is a formal request for the U.S. Patent and Trademark Office personnel to first review the application to make sure it has been accorded a correct filing date and it is

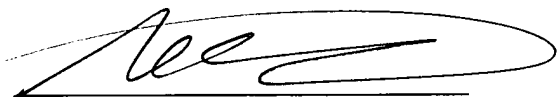

being processed properly.

In addition to the lack of any PAIR entry, the official filing receipt has never been received, nor have any other documents been received from the U.S. Patent and Trademark Office concerning this case.

Since the applicant and the undersigned are extremely concerned about the status of this case, a proper response to this communication is respectfully requested, and entry into the PAIR system is earnestly solicited.

Dated: April 8, 2008

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Peter C. Michalos', is written over a horizontal line.
